Alcohol and Drug Policy

Washington University seeks to encourage and sustain an academic environment that respects individual freedoms and promotes the health, safety, and welfare of its students, faculty, staff, and visitors. As adults, all students, faculty, staff, and visitors are expected to know and obey the applicable laws and all university rules and regulations and to be responsible for their own behavior.

Washington University complies with federal laws on drug and alcohol use prevention. These laws require that, as a condition of receiving federal funds (particularly student aid funds), Washington University adopt and implement a program to prevent the unlawful possession, use, and distribution of illicit drugs and alcohol by students and employees. The manufacture, distribution, possession, or use of illicit drugs and the unlawful possession, use, sale, or distribution of alcohol on Washington University property, or as part of any university activities, are prohibited. WUPD has primary responsibility for the enforcement of state underage drinking laws as well as the enforcement of federal and state drug laws.

Anyone who violates the law or university policy is subject to discipline within the university. Students are subject to discipline under the University Student Conduct Code (visit.wustl.edu/about/compliance-policies/academic-policies/university-student-judicial-code/) and to sanctions ranging from warnings to expulsion. Potential sanctions are described in Section VI of the Code. Faculty and staff members are subject to a full range of sanctions, up to and including dismissal. Those who violate the law also may be subject to criminal prosecution.

Relevant state and federal statutory provisions setting forth the criminal offense and potential penalties are listed starting on page 50.

The university's Drug and Alcohol Policy was adopted in accordance with the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act and is published online in Course Listings, *The Record*, and employee, faculty, and student handbooks. The Drug and Alcohol Policy is also available at hr.wustl.edu/policies/Pages/DrugandAlcoholPolicy.aspx. The university also publishes a policy addressing alcohol at university events. This is located at wustl.edu/policies.

ALCOHOL AND SUBSTANCE USE PREVENTION AND EDUCATION PROGRAMS

Early recognition and treatment of drug or alcohol use are important for successful rehabilitation, and for reduced personal, family, and social disruption.

Washington University encourages the earliest possible diagnosis and treatment for drug and alcohol misuse; however, the decision to seek diagnosis and accept treatment for drug or alcohol use is the responsibility of the individual.

The university encourages faculty, staff, and students to seek assistance in working with a substance use concern, or those concerns of a friend or family member, by contacting available resources. University resources include:

For students on the Danforth Campus:

Habif Health & Wellness Center (314) 935-6666

Center for Counseling and Psychological Services (CCPS)
For students on the Danforth Campus, located in the Habif Health and Wellness Center on the South 40
(314) 935-6695

The Habif Health & Wellness Center and CCPS offers programs and services for Danforth Campus students with questions and concerns related to alcohol and other drugs.

To schedule a personal assessment, contact:

All incoming first-year and transfer students are required to complete an online alcohol education and behavior assessment tool called the Year One College Behavior Profile.

Health Promotion Services staff members organize peer education programs and lead trainings for student groups and leaders. They post risk reduction messages and information on Habif's social media and website (habif.wustl.edu). They support the WashU Recovery Group which provides students in recovery from alcohol and/or drug use an opportunity to connect with other students with similar experiences. The group provides a safe place on campus for students to learn about resources, gain support, and connect. The group is not a recovery program; it is a resource that students can add to their support system while attending the university. Additional substance misuse recovery programs and meetings are offered near campus.

The university founded the WashU Recovery Group in spring 2017. This group provides students in recovery from alcohol and/or drug use an opportunity to connect with others with similar experiences on campus. The group provides a safe place for students to learn about local resources, gain support, and connect during meetings and social activities. The group is not a recovery program, but is a resource that students can add to their support system while attending the university. Additional Substance Misuse Recovery programs and meetings are offered near campus.

During the annual new undergraduate and transfer student orientation program in August, the Office of Student Transitions and Family Programs facilitates a program called “Bearings” that all new students attend with their residential communities. Transfer and exchange students also attend. “Bearings” is a series of thought-provoking and entertaining skits about the first-year experience at Washington University, presented by upper-class students. Students meet with their Residential College to hear from their Residential College Director (RCD), followed by a smaller group discussion led by their Resident Advisors and their Washington University Student Associates. The use of alcohol is addressed in the script for “Bearings.” The skit provides examples of bad choices that students make regarding their alcohol use and the negative personal consequences of those choices. Students are reminded that not all students choose to drink in college and those who choose to drink are reminded to do so responsibly. During the training of volunteer student WUSAs, the university’s alcohol and drug policies are discussed, as are the expectations of the WUSAs in fostering a safe environment in the communities where they are assigned.

The Office of Residential Life continually provides training that addresses substance use to undergraduate Resident Advisors (RA). Ongoing training is conducted in the following areas:

- the effects of alcohol on the body;
- the university policies concerning drugs and alcohol;
- strategies for confronting students who have had too much to drink;
- the university party registration process;
- techniques for talking with students who may have a drinking problem; and
- resources for RAs to refer students who may need additional support with alcohol or other drug concerns.

RAs are encouraged to provide at least one community program which educates undergraduate students on the risks associated with the use of alcohol in the first 6 weeks of the fall semester. These programs may be lectures, bulletin boards, community discussions or a related format, but must focus on making responsible choices. This serves as a follow-up to the skit in “Bearings” during New Student Orientation (Bear Beginnings) that discusses alcohol and drug use. Students are educated on the law and the university policies, while also being coached to make informed, responsible decisions.

The Office of Human Resources is instrumental in distribution of the university’s Drug and Alcohol Policy to university employees. The full policy or reference to the policy with directions to the entire policy is included in various publications, including the staff employee handbooks, supervisor policy manuals, Faculty Information Handbook, and online on the Human Resources websites; it is also reviewed in various forums, including faculty and staff orientations, supervisor/manager training programs and human resource policy overview sessions.

Key to the promotion of this policy, along with the resources and programs available to faculty and staff members seeking more information and assistance, is the university’s Employee Assistance Program (EAP). The university’s Employee Assistance Program also provides confidential, professional assistance to benefits-eligible university employees and their family members to help resolve problems that are affecting their personal life or job performance. In addition to traditional EAP services and support that include crisis intervention and drug and alcohol counseling, the university’s EAP offers online access to an array of information resources such as self assessments, expert articles, reference materials, bulletin boards, chat rooms, online databases, and provider searches to assist and educate on a variety of topics. As a part of WashU’s employee outreach, the EAP has been asked to include drug and alcohol education/prevention programs among the services it is contracted to provide.

The program is managed by Work-Life Solutions, a nationally known professional consulting firm specializing in EAP services. Employees can contact Work-Life Solutions 24 hours a day, seven days a week to arrange a confidential appointment with a specialist. EAP specialists have professional training and expertise in a wide range of issues such as marriage and family problems, alcohol and drug misuse, emotional and psychological concerns, financial difficulties, stress, and much more.

In addition, the university has established an employee wellness initiative to promote evidence-based, data-driven wellness programs for benefits-eligible faculty, staff, postdoctoral appointees, and clinical fellows. This program provides opportunities for employees to assess their current health status, engage in health education programs, set goals for improving health decision-making, and track progress.

Numerous non-university counseling programs also exist in the St. Louis metropolitan area. Many programs advertise extensively in local media. Consultation with one’s personal physician is advised prior to self-referral to such non-university programs. For further information regarding referral to such programs, contact Student Health Services on the Danforth or Medical campuses or your private physician.

Employee Drug and Alcohol Policy

Washington University is committed to maintaining a safe and healthful environment for members of the University community by promoting a drug-free environment as well as one free of the abuse of alcohol. Violations of this policy will be handled according to existing policies and procedures concerning the conduct of faculty, staff and students.

This policy is adopted in accordance with the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act.

STANDARDS OF CONDUCT

Washington University strictly prohibits the unlawful manufacture, sale, distribution, dispensation, possession or use of controlled substances or alcohol on University property or as a part of any University activity. All faculty, staff and students must comply with this policy as a condition of their employment or enrollment. Faculty and staff members are prohibited from reporting to work under the influence of alcohol, chemicals, or drugs, including legally obtained prescription drugs, which impair one's ability to perform normal work activities. All faculty and staff members must notify their immediate supervisor(s) within five (5) days of any criminal drug statute conviction for a violation occurring in the workplace or in the conduct of University business.

VIOLATIONS

Violations of the standards of conduct will be dealt with on a case-by-case basis following the policies and procedures applicable to, as appropriate, faculty, staff or students. Sanctions may include, among other things, reprimand, warning, suspension, probation, expulsion or termination. Referral to an appropriate assistance or rehabilitation program also may be appropriate. Referral for prosecution will occur for serious violations. The Drug-Free Workplace Act requires the University: (1) within 10 days after receiving notice that an employee has been convicted of any criminal drug statute violation occurring in the workplace or in the conduct of University business, to notify appropriate government agencies of such conviction; and (2) within 30 days after receiving such notice, to take appropriate personnel action against such employee up to and including termination and/or to require the employee to satisfactorily participate in a drug abuse assistance or rehabilitation program.

AUTHORIZED USE OF PRESCRIBED MEDICINE

Faculty and staff members undergoing prescribed medical treatment with any drug that interferes with their work activity must report this treatment to their supervisor. Prescribed medication should be kept in its original container, which identifies the drug, date, and prescribing doctor.

DRUG AND ALCOHOL COUNSELING, TREATMENT OR REHABILITATION OR RE-ENTRY PROGRAMS

Early recognition and treatment of drug or alcohol abuse are important for successful rehabilitation, and for reduced personal, family and social disruption. Washington University encourages the earliest possible diagnosis and treatment for drug and alcohol abuse, however, the decision to seek diagnosis and accept treatment for drug or alcohol abuse is the responsibility of the individual. The University encourages faculty, staff and students

to seek assistance in dealing with a substance abuse problem, or those problems of a family member, by contacting available resources. University resources include Student Health Services (Danforth Campus, 314-935- 6666); Student and Employee Health (School of Medicine, 314-362-3523), the Psychological Service Center (314-935-6555), the Department of Psychiatry (314-362-7002), and the Employee Assistance Program/Work-Life Solutions (1-800-765-9124).

Numerous non-University counseling programs exist in the St. Louis metropolitan area. Many programs advertise extensively in local media. Consultation with one's personal physician is advised prior to self-referral to such non-University programs. For further information regarding referral to such programs, contact the Student Health Services, School of Medicine Student and Employee Health, or your private physician.

HEALTH RISKS

Drugs: A detailed description of the health risks associated with abuse of controlled substances is provided in the chart, Drug Uses and Effects, published by the U.S. Department of Justice's Drug Enforcement Administration; Appendix A. Alcohol: Abuse of alcohol can produce severe health risks, including death. Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low-to-moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate-to-high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver. Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicated that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

LEGAL SANCTIONS

Drugs: The manufacture, possession, sale, distribution, and use of controlled substances are prohibited by federal, state and local law; punishments range from fines to life imprisonment.

Section 195.214 of the Missouri statutes makes it a class A felony to distribute or deliver controlled substances on or near University property. Persons convicted of this offense can be sentenced to imprisonment for not less than 10 years.

The Federal Controlled Substances Act prohibits the knowing, intentional, and unauthorized manufacture, distribution, or

dispensing of any controlled substance or the possession of any controlled substance with intent to manufacture, distribute, or dispense. A detailed description of the penalties associated with illegal drug trafficking is provided in the chart, Federal Trafficking Penalties, published by the U.S. Department of Justice's Drug Enforcement Administration; Appendix B. Alcohol: Missouri's Liquor Control Law makes it illegal, among other things, for a person under the age of 21 years to purchase, attempt to purchase, or possess any intoxicating liquor (R.S.Mo. Section 311.325). Violation of this provision can result in a fine between \$50 and \$1000 and/or imprisonment for a maximum term of one year. County and municipality ordinances contain similar prohibitions and sanctions.

LOSS OF WORKERS' COMPENSATION BENEFITS

The Missouri Workers' Compensation Act requires the forfeiture of benefits or compensation otherwise payable to an employee when the use of alcohol or non-prescribed controlled drugs is the proximate cause of the employee's injury. At a minimum, the Act provides for a reduction in benefits or compensation when the employee is injured while using alcohol or non-prescribed controlled drugs.

TESTING REQUIREMENT FOR COMMERCIAL DRIVERS LICENSES (CDLS)

To meet requirements of the U.S. Department of Transportation (DOT), the University has established a drug and alcohol testing program for its employees who are drivers of its commercial motor vehicles requiring commercial driver's licenses (CDLs), and who perform safety-sensitive functions, e.g., operate a vehicle requiring the display of hazardous material placards. This drug and alcohol testing program also applies to applicants selected for hire for designated safety-sensitive positions. Participation in the drug and alcohol testing program is a condition of employment for these positions. This program requires pre-employment drug testing as well as DOT mandated random testing of current employees who are required to have CDLs. Questions regarding this requirement may be directed to the Designated Employee Representative for this program or to Human Resources.

ACCIDENTS INVOLVING UNIVERSITY-OWNED VEHICLES

The University reserves the right to require that an employee undergo immediate drug and/or alcohol testing if the employee is involved in a vehicular accident while driving a University owned vehicle. Inspections When the University has reasonable grounds to suspect that an employee unlawfully manufactured, distributed, possessed or used controlled substances, alcohol or drug paraphernalia on University property or at any of its activities, the University reserves the right to inspect the employee's locker, desk, or other University property under the control of the employee.

WORKPLACE DRUG TESTING

Pre-employment Drug Testing where required by law, or a strong business case exists to protect the safety and welfare of the University and its faculty, staff, students, patients, and other members of the Medical School community, a pre-employment

drug screen will be performed on final candidates for certain positions. The recruiter will notify the hiring manager and the final candidate when this requirement exists and conduct the steps necessary to obtain a valid, confidential drug screen. "For Cause" Drug Testing: With Human Resources approval and under the following circumstances, an employee may be required to be tested to determine the presence of drugs or alcohol in an employee's system:

1. When there is reasonable suspicion that an employee is under the influence of drugs or alcohol;
2. When the employee has been involved in an on-the-job accident or near accident while on University property or business and there is reasonable suspicion that drugs or alcohol may have been a contributing factor;
3. When the employee is working in a position where public safety is at risk;
4. When monitoring the adherence to a required rehabilitation treatment program and up to two years after completion of the program. If an employee is asked to take a drug test, the supervisor should contact Human Resources and a plan will be made to escort the employee to BarnesCare where sample collection will take place. The employee's department will assume the cost of the test.

The Office of Student Conduct & Community Standards has incorporated the use of gender neutral pronouns. All pronoun references should be interpreted to include singular, plural, and student groups.

I. GENERAL PRINCIPLES

A. Purpose: The University Student Conduct Code sets forth community standards and expectations for Washington University students. These community standards and expectations are intended to foster an environment conducive to learning and inquiry. Freedom of thought and expression is essential to the University's academic mission. Respect for different points of view is essential. Nothing in this Code should be construed to limit the free and open exchange of ideas and viewpoints, even if that exchange proves to be offensive, distasteful, disturbing or denigrating to some.

B. Inherent Authority: The University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community, notwithstanding the provisions in this Code.

C. Interpretation of Regulations and Standard of Conduct: To the extent feasible and practicable, disciplinary regulations at the University are in writing in order to give students general notice of prohibited conduct. The regulations are not a criminal code; they should be read broadly and are not designed to define misconduct in exhaustive terms.

D. Proceedings: Disciplinary proceedings conducted pursuant to the Code shall be informal, fair, and expeditious. Procedures governing criminal or civil courts, including formal rules of evidence, are not applicable. Deviations from the procedures in this Code shall not invalidate a proceeding or decision, except where such deviation has clearly resulted in significant prejudice to an accused student or to the University.

E. Violations of Local, State, and Federal Law: Students may be accountable to both governmental authorities and to the University for acts which constitute violations of law and this Code. Student conduct allegedly constituting a felony

or misdemeanor offense may be referred to appropriate law enforcement agencies for prosecution. Disciplinary proceedings at the University will not be subject to challenge on the ground that criminal charges involving the same incident have been filed, prosecuted, dismissed, reduced, or otherwise resolved or that such proceedings constitute double jeopardy.

F. Violations of University Policies: Students alleged to have violated certain University policies, such as the Research Integrity Policy, may be subject to investigation and sanctions under both this Code and the other policy. Disciplinary proceedings at the University will not be subject to challenge on the ground that other charges involving the same incident have been filed or resolved or that such proceedings constitute double jeopardy.

G. Time Limitations for Bringing a Complaint: Except as set forth herein, a complaint may be brought at any time, as long as the respondent is a current student of the University, as defined below, and has not graduated. Complaints involving alleged academic integrity violations may be brought against any current or former student. Potential complainants are reminded that the University's ability to effectively investigate complaints can be hampered or negated by the passage of time. Therefore, potential complainants are encouraged to file complaints in a timely manner.

II. DEFINITIONS

A. Student: Any person registered in one or more courses in any school, college, or professional school of Washington University, at either the undergraduate or graduate level. Teaching or research assistants, if also registered as students, are classified as student for the purposes of this Code. Additionally within the scope of this definition shall be any person (1) who has accepted an offer of admission to a School at Washington University, but has not yet matriculated, for example, a pre-freshman student, (2) who is not now a student, but has a continuous relationship with the University, including, but not limited to, continuing to reside on University property or taking a leave of absence; or (3) who is not now a student, but is accused of an academic integrity violation during their period of enrollment.

B. Campus: All property owned, leased, managed, or rented by Washington University in St. Louis.

C. Member of the University Community: Any Washington University faculty member, student, employee, or Trustee, as well as any person on Campus who is an employee of an entity with a continuous relationship with Washington University.

D. Student Group: Any organization of two (2) or more Washington University students that is recognized by Student Union, Congress of the South 40, the Interfraternity Council, Women's Panhellenic Association, the Graduate-Professional Council, or graduate student governments in any of the eight graduate-professional schools; or utilizes (or seeks to utilize) Campus space; or attempts to take action, of any kind, in a collective manner on Campus or at any officially arranged University activity.

III. OFFENSES

A. The following forms of misconduct by a student or student group are subject to disciplinary action when they occur on Campus or when they occur off Campus and adversely affect the University community and/or the pursuit of its objectives. Attempts to commit acts prohibited by this Code, and agreements among two or more students to commit acts prohibited by this Code may be punished to the same extent as commission of the prohibited act itself.

1. Academic or professional misconduct, including, but not limited to, cheating, plagiarism, fabrication of data or records, impermissible collaboration on assignments, misrepresentation of student status or identity, resume or credential falsification, unauthorized use of prescription medication to enhance academic performance, unauthorized use of electronic resources, violation of test-taking conditions or rules, or otherwise violating the applicable Academic and/or Professional Integrity Policy. Knowingly making false allegations of academic misconduct against any student will itself be considered a form of academic misconduct.

2. Interfering with the rights of other members of the University community or visitors to the University to engage in educational, recreational, residential, administrative, professional, business, and ceremonial activities, or other functions.

3. Physical abuse or threatening physical abuse of any member of the University community or visitor to the University.

4. Stalking, hazing, engaging in domestic, dating, or interpersonal violence, or any other conduct which harasses, threatens, or endangers the safety or health of, any member of the University community or visitor to the University.

5. Sexual contact with any member of the University community or visitor to the University without that person's consent, including, but not limited to, rape and other forms of sexual assault.

Consent consists of mutually understandable words and/or actions which indicate that an individual has freely chosen to engage in sexual activity. In the absence of such words and/or actions, consent does not exist. Consent may not be inferred from silence, passivity, lack of physical resistance, or lack of verbal refusal alone.

Consent to engage in sexual activity must be knowing and voluntary. For example, sexual activity is not knowing and voluntary and therefore not consensual when any participant is physically forced, passed out, asleep, unconscious or beaten. Sexual activity is also not knowing and voluntary and therefore not consensual if it is the result of coercion. A person's words or conduct amount to coercion if they eliminate the other person's ability to choose whether or not to engage in sexual activity.

Examples of coercion could include the following, so long as the conduct rises to a level that eliminates the other person's ability to choose whether to engage in sexual activity: threats (express or implied) of substantial emotional or psychological harm or any physical harm, confinement, or other similar conduct.

Consent to engage in sexual activity must exist from the beginning to end of each instance of sexual activity, and for each form of sexual contact. Consent may be withdrawn by either party at any time.

An individual who is incapacitated is unable to give consent. In such circumstances, the respondent will be held responsible if the respondent either knew or a reasonable person in the same position would have known that the other party was incapacitated and therefore could not consent to the sexual activity.

Incapacitation is the inability, temporarily or permanently, to give consent because the individual is mentally and/or physically helpless due to a medical condition or the voluntary or involuntary consumption of drugs and/or alcohol, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring.

6. Conduct which is disorderly, lewd, indecent, or which disturbs the peace on University-owned or affiliated premises or at functions sponsored by, or participated in by, Washington University or a Washington University student group.

7. Possession (concealed or otherwise), storage, or use on Campus of firearms or a facsimile, explosives, explosive fuels, fireworks, dangerous chemicals, or other dangerous weapons, except as specifically authorized in advance by the Washington University Police and appropriate University officials.

8. Use, possession, manufacture, distribution or facilitation of distribution of narcotics or other controlled substances, including prescription medication, except as expressly permitted by law, or possession on Campus of drug paraphernalia as defined by Washington University.

9. Use or possession of a hookah on the Danforth Campus or in any Residential Life managed facility.

10. Use, possession, manufacture, or distribution of alcoholic beverages except as expressly permitted by law or University policy.

11. Unauthorized or fraudulent use of the University's resources, including, but not limited to, facilities, telephone system, mail system, electronic communication devices, electronic databases, course management programs, computer systems, or use of any of the above for any illegal act.

12. Knowingly furnishing false information to a University official, or anyone acting on the University's behalf, including, but not limited to, (a) the falsification of information in applications for admission or financial aid, (b) the intentional passing of an insufficient funds check or fraudulent money order in payment of any financial obligation to the University, or (c) filing a false police report.

13. Intentional dishonesty before any decision-making individual or body of the University, including knowingly making false allegations against any student or student group.

14. Knowingly making a false claim to represent the University or a student group of the University.

15. Refusal to identify oneself, failure to display a University identification card or other identification, possessing, or providing false identification to any appropriate University official or designee upon reasonable request.

16. Failure to comply with the reasonable and lawful request of University officials or designees acting in the performance of their duties.

17. Theft, attempted theft, unauthorized taking or use of any University, public, or private property.
18. Knowingly possessing stolen property.
19. Unauthorized entry, deliberate destruction of, damage to, malicious use of, or abuse of any University, public, or private property.
20. Knowingly or recklessly violating a published University policy, rule, or regulation; or participating in conduct which one should reasonably know to be a violation of a published University policy, rule, or regulation.
21. Failure to appear before the University Student Conduct Board (SCB), University Sexual Assault Investigative Board (USAIB), OSCCS, or other University official or administrative body as directed, or to properly comply with or complete a sanction imposed under the University Student Conduct System or through other administrative bodies.
22. Intentionally or recklessly disabling, or causing the false activation of life safety equipment, including, but not limited to, exit door alarms, emergency telephones, fire safety equipment, closed circuit television systems, emergency notification systems, and identification card and door access systems.
23. Formally charged with, convicted of, or found guilty of a crime such that the student's continued presence on the University Campus poses a substantial threat to the ability of others to continue their normal University functions and activities.

B. Offenses by Student Groups: Student groups or organizations and their officers may be held responsible for violations of this Code by members or others associated with the group or organization who have received the tacit, or overt consent, or encouragement of the group or organization or its leaders, officers, or spokespersons. Student groups or organizations are subject to the same sanctioning provisions set forth in this Code as individual students, including but not limited to revocation of student group status.

IV. COMPOSITION OF THE UNIVERSITY STUDENT CONDUCT SYSTEM

A. The University Student Conduct System shall consist of the following :

1. Office of Student Conduct and Community Standards

a. Responsibilities: The Office of Student Conduct and Community Standards (OSCCS) receives and investigates complaints of violation of this Code and either adjudicates the complaint or, in its discretion, refers the complaint to the appropriate University office or administrative body for investigation and/or hearing. If the OSCCS adjudicates the complaint and a violation is found, the OSCCS imposes appropriate sanctions. The OSCCS does not hear allegations of academic misconduct, and does not have the authority to suspend, expel, or otherwise directly terminate the status of a student found in violation of this Code, unless by agreement.

b. Selection: The Director of the OSCCS is appointed by the Chancellor, or their designee, following consultation with the Vice Chancellor for Student Affairs. The appointee may be a

faculty member or staff member. In the event that staff members in the OSCCS are unavailable to serve, the Vice Chancellor for Student Affairs, Dean of Students or their designee may serve as the Student Conduct Administrator or appoint an appropriate University official to serve temporarily in that capacity.

2. University Student Conduct Board

a. Composition: The SCB is composed of six (6) faculty members, six (6) undergraduate student members, six (6) graduate – professional student members, six (6) administrative or staff members, and one additional member who shall serve as Chairperson.

(1) The SCB hears and decides cases referred to it by the OSCCS, the undergraduate School or College Academic Integrity Officers or Panels, Graduate – Professional schools, and the suspending authority following a temporary suspension; and cases involving allegations of academic misconduct in the absence of a School or College Academic Integrity Panel. The SCB hears and decides appeals from temporary suspensions, appeals referred to it by the Chairperson of the SCB, and appeals from sanctions issued by the OSCCS. The SCB also performs other duties as called for by this Code.

(2) The Chairperson of the SCB presides over all hearings conducted before the SCB and convenes pre-hearing proceedings as needed; rules on appeals from decisions of the OSCCS and undergraduate School or College Academic Integrity Panels; and performs other duties as called for by this Code.

c. Selection

(1) Members of the SCB are appointed for two (2) year terms, beginning on January 1. Each year, three (3) faculty members are appointed; three (3) undergraduate student members are appointed; three (3) graduate – professional student members; and three (3) administrative or staff members are appointed. If a vacancy exists or scheduling conflict arises members may be appointed throughout the year by the OSCCS. Members may be reappointed, but no member shall serve more than two (2) consecutive terms. Members of the Faculty Senate Council, Student Union Executive Council, officers of the Graduate and Professional Student Council, and officers of the University shall not serve on the SCB.

(2) The Chairperson of the SCB is appointed annually by the Chancellor. The Chairperson must be a member of the University community. The Chairperson may be appointed, without limitation, for consecutive terms. If a vacancy exists or scheduling conflict arises, a temporary Chairperson may be appointed by the OSCCS.

d. The panel convened for a hearing normally consists of three (3) student members and three (3) members of the faculty, administration or staff, plus the Chairperson. A quorum consists of four (4) members, plus the Chairperson. Student members shall comprise a portion of the hearing panel in every case.

Every attempt shall be made to provide peer representation for both graduate and undergraduate students. The OSCCS, in consultation with the Chairperson, shall determine which faculty, administration or staff members shall comprise the remainder of the panel. In making this determination, faculty members only shall be designated whenever the sole allegation is academic misconduct. If the allegations do not relate solely to matters of academic misconduct, faculty, administration, and staff members, in any combination thereof, may serve.

3. The Title IX Office and the University Sexual Assault Investigation Board

a. The Title IX Office (TIXO) receives and investigates complaints that involve allegations of sex discrimination, sexual assault, sexual harassment, dating violence, domestic violence, or stalking. The TIXO either investigates the complaint or, in its discretion, may refer the complaint to another appropriate University office or administrative body (e.g. the SCB, USAIB, or Human Resources) for investigation and/or hearing. If the TIXO, or its designee, investigates a complaint against a student respondent and a violation is found, the TIXO may impose appropriate sanctions.

b. The University Sexual Assault Investigation Board (USAIB) is composed of faculty, staff and student members and is governed by separate investigation procedures set forth in the USAIB Procedures.

c. The USAIB investigates complaints referred by the TIXO or the OSCCS that involve allegations of sexual assault or sexual harassment alleged to have been committed by a student(s) in violation of the Code. Complaints may allege other violations of the Code, in which case the USAIB may investigate and exercise jurisdiction over such complaints in their entirety as long as the additional charges arise out of the same set of facts and circumstances or are related to the alleged incident of sexual assault or harassment. The USAIB may elect to refer the other charges to the TIXO, OSCCS or SCB for hearing and resolution.

d. Following a determination by the USAIB Panel that it is more likely than not that a respondent has committed a sexual assault or engaged in sexual harassment in violation of the Code, sanctions will be imposed in accordance with the USAIB procedures and may include suspension or expulsion.

4. Authority Retained by Individual Schools, the Office of Residential Life, and Greek Life

a. Each School or College of the University may establish an academic integrity officer and/or panel to hear and decide cases of alleged academic misconduct involving undergraduate students of that School or students taking courses taught by faculty in that School.

(1) The composition of any hearing panel shall be determined by each School or College.

(2) Such a panel may impose sanctions other than suspension or expulsion in any case where academic misconduct is found. No School or College integrity officer or panel may suspend or expel an undergraduate student for academic misconduct. Where an allegation of academic misconduct is serious enough to warrant suspension or expulsion, the complaint shall be heard by the

panel or officer to determine whether a violation has occurred. If a violation is found, the matter will then be referred to the SCB for hearing on the imposition of sanctions.

b. Each Graduate or Graduate Professional School of the University may establish an academic integrity officer and/or panel to hear and decide cases of alleged academic or professional misconduct by graduate or graduate professional students of that School.

(1) Appropriate persons in each school shall determine the composition of the panel and the scope of the panel's authority, which shall not exceed the parameters set out immediately below.

(2) Such a panel may impose or recommend to the Dean of the student's Graduate or Graduate Professional School appropriate sanctions, including suspension or expulsion, in any case where academic or professional misconduct is found.

(3) Any appeal from a decision of a Graduate or Graduate Professional School academic and professional integrity panel, including, where the panel is vested with such authority, the panel's decision to impose the sanctions of suspension or expulsion, shall be made to the Dean of that School. Their decision shall be final. Each Graduate or Graduate Professional School is permitted, but not required, to establish an intermediate level of appeal that the student must complete prior to initiating a final appeal to the Dean.

(4) Except for cases falling within Section IV.A.3.b(3) above, any appeal from a decision of a Dean of a Graduate or Graduate Professional School to suspend or expel a student shall be made in accordance with the provisions of Section VII.B.1 of this Code.

c. If a School or College does not establish an academic integrity officer or panel or if an established officer or panel fails to function, complaints of academic or professional misconduct shall be heard by the OSCCS or, in the event of possible suspension or expulsion, the SCB.

d. Complaints filed with individual Schools or Colleges shall be governed by the procedures created by those bodies. The procedures created by these Schools or Colleges shall be approved by the OSCCS.

e. The Office of Residential Life may, in consultation with student representatives of the appropriate residential community, establish rules and regulations, in addition to this Code, to govern the conduct of students living in the University residential colleges and other housing subject to Residential Life regulations. The Office of Residential Life may impose sanctions upon students who violate such rules. Repeated violations of such rules, or serious offenses, may be referred to the OSCCS for further disciplinary proceedings. The foregoing authority supplements, but does not supersede rights retained by the University in Housing contracts and leases. Nothing in this paragraph precludes further proceedings under this Code.

f. The Office of Campus Life may, in consultation with student representatives of the Greek community, establish rules and regulations, in addition to this Code, to govern the conduct of organizations and persons who are members of the Greek community. The Office of Campus Life may impose sanctions when such rules are violated. Repeated violations of such rules or serious

offenses may be referred to the OSCCS for further disciplinary proceedings. The foregoing authority supplements, but does not supersede rights retained by the University in Housing contracts and leases. Nothing in this paragraph precludes further proceedings under this Code.

B. Student Decision-Making Bodies

Certain student groups have established decision-making bodies which receive and investigate all allegations of violations of their legislation, procedures, or policies. The pendency before the decision-making body of any student group of any case arising from an incident alleged to constitute a violation of this Code, shall not bar or postpone proceedings under this Code.

V. UNIVERSITY STUDENT CONDUCT CODE PROCEDURES

A. Initiation of Proceedings

1. Proceedings concerning an alleged violation of this Code are initiated with a written complaint. The complaint is a brief written statement describing the conduct alleged to be in violation of the Code.

2. Complaints of alleged violations of this Code may be filed against any student or student group by any member of the University community.

3. Complaints limited to alleged academic misconduct or professional misconduct.

a. Complaints limited to alleged academic misconduct or professional misconduct shall be filed with the Academic Integrity Officer of the School or College in which the misconduct allegedly occurred or, where no such panel exists, with the OSCCS.

b. If a complaint involving alleged academic misconduct against an undergraduate student is filed with a School or College Academic Integrity Officer and the case is viewed as serious enough that suspension or expulsion is a possible sanction, the complaint shall be heard by the Officer or Panel for a determination as to whether a violation occurred. If a violation is found, the matter shall be referred to the SCB for hearing on the imposition of sanctions.

4. Complaints involving alleged offenses other than academic or professional misconduct.

a. Complaints alleging any offense other than academic or professional misconduct shall be filed with the OSCCS or, if applicable, the Title IX Office (TIXO).

b. When a complaint is filed with the OSCCS or TIXO, that office shall promptly consider and investigate the complaint, notify the student or student group against whom the complaint has been filed, and give the respondent(s) an opportunity to be heard. The OSCCS or TIXO shall conduct meetings with the parties and any witnesses in an informal manner, seeking to obtain relevant information.

c. If the OSCCS or TIXO determines that there are not reasonable grounds to believe that a violation of the Code occurred, the complaint shall be dismissed, and the complainant and student or student group complained against shall be informed, in writing, of this action.

d. If the OSCCS or TIXO determines that there are reasonable grounds to believe that a violation of the Code has occurred, the OSCCS or TIXO shall either:

(1) determine whether a violation of the Code has occurred and, if so, impose a sanction; or

(2) refer the complaint to the SCB, USAIB, or an appropriate University administrative body for investigation and hearing. In any case where the OSCCS believes that suspension or expulsion is a possible sanction, the case shall be referred to the SCB or USAIB. The OSCCS or TIXO may refer to the SCB or USAIB any other complaint at their sole discretion.

e. If the complaint is not referred to the SCB, USAIB or other University administrative body, the OSCCS or TIXO shall render a written decision within a reasonable time, and deliver same to the respondent(s) by mail, electronic means, or hand delivery. The OSCCS or TIXO shall, to the extent permitted by law, inform the complainant of the decision and any sanctions.

f. If the complaint is referred to the SCB or USAIB, the OSCCS or TIXO shall prepare a notice of referral, which shall include the provision(s) of the Code allegedly violated, and have it served by mail, electronic means, or hand delivered to the student or student group charged and the Dean of the School or College in which the student(s) is/are enrolled. The OSCCS or TIXO shall also furnish a copy to the complainant. When a complaint is filed with the OSCCS or TIXO and is referred to the SCB or USAIB, a hold shall be placed on the respondent's academic records until final disposition of the case.

B. The pendency of any case arising from an incident alleged to constitute a violation of the Code in any municipal, state, federal court, or agency shall not bar or postpone proceedings under this Code unless (1) the OSCCS elects to defer proceedings until a final resolution of the case in the court or agency system; or (2) with the exception of allegations involving sexual harassment or sexual assault set forth below, the student has been charged with a felony offense and requests a deferral of proceedings. The request for deferral shall result in the student's immediate withdrawal from student status and removal from all University premises until the matter is heard and resolved under this Code. The student's request must precede the initiation of a hearing by the SCB. Postponement of a hearing shall not postpone a respondent's obligation to fulfill sanctions imposed by the OSCCS. In cases involving allegations of sexual harassment or sexual assault, the University will ordinarily not delay its investigation if criminal charges are filed. At the request of law enforcement authorities, however, the University may postpone the University investigation and proceeding while the authorities gather evidence.

C. Organizational Procedures of the University Student Conduct Board

1. The SCB shall set times and places for hearings, and establish procedures not inconsistent with this Code to govern the conduct of its hearings. Hearings may be scheduled at any time, including during the summer and during University breaks.

2. No student shall be subject to more than one SCB hearing on a charge or charges resulting from any act or series of related

acts alleged in violation of the Code. The SCB may consolidate all charges pending against a student at the time of hearing. Nothing in this provision shall prohibit a hearing on charges arising from acts which take place or are discovered after earlier charges are filed.

3. The SCB shall not conduct a hearing until the respondent has received the statement of charges against themselves. If the respondent fails to appear for the hearing, the SCB may postpone the hearing or, in the alternative, may conduct a hearing to determine whether a violation of the Code occurred and impose sanctions if appropriate. If the SCB decides to postpone the hearing, the SCB may decide to suspend the student from the University until the student does appear before the SCB for the hearing on the charges.

4. Prior to a SCB hearing, the Chairperson of the SCB may convene a pre-hearing conference with the parties. At that conference, the parties shall be prepared to discuss the witnesses and evidence they intend to introduce, the issues they anticipate, and any matters that may require resolution by the Chairperson. The Chairperson may, at their sole discretion, confer separately with the complainant or respondent.

5. The respondent and the complainant each may choose (at the student's own expense) to be assisted by and accompanied to the hearing and pre-hearing conference by one individual, for example, a friend, faculty member, advisor, or parent. Where the victim of alleged misconduct is not a party, but a testifying witness, the victim may be accompanied by an individual, subject to the limitations below. If the accompanying individual is an attorney, the student shall provide the attorney's name and telephone number to the OSCCS at least one week before the scheduled hearing.

6. The function and role of the accompanying individual is to provide support, advice, or assistance to the person requesting their presence. The accompanying individual (including attorneys) shall not be permitted to testify, serve as a witness, examine parties or witnesses, or provide statements or arguments to the SCB. Therefore, if the individual witnessed the events at issue or has other information relevant to the proceedings, they shall not accompany the student. The respondent and the complainant are each responsible for stating their own case to the SCB.

7. A list of expected witnesses, the name and title of the accompanying individuals, and copies of any documents expected to be presented in support of the charges, or in defense of the charged party, shall be provided to the OSCCS at least five (5) business days before the hearing. Where a student includes the opinion or recommendations of medical professionals, such opinions or recommendations shall be submitted ten (10) business days prior to the hearing. A student submitting documentation from a medical professional also should submit a copy of the medical professional's curriculum vitae. If additional witnesses or documents are obtained after the submissions period described above, the Chairperson shall decide whether the witnesses or documents may be allowed, and the hearing may be postponed at the sole discretion of the Chairperson of the SCB. A party is not obligated to call all witnesses on the list. Each party is permitted to call witnesses to rebut testimony offered by the other party. The

Chairperson may recess a hearing if they conclude that the Board requires additional evidence or information.

8. The following persons may be present during a SCB hearing: the Chairperson of the SCB and Board members, the respondent and an accompanying individual; the complainant and an accompanying individual; witnesses and their accompanying individuals, where authorized by the Chairperson; the OSCCS; and a member of the Office of the Executive Vice Chancellor and General Counsel. Witnesses and their accompanying individuals, if any, may be present only when testifying unless the Chairperson specifically requests a witness be present for any other portion of the hearing.

9. The Chairperson of the SCB may, at their own discretion, direct any student to appear as a witness at a hearing of the SCB. The Chairperson also may call witnesses, including, but not limited to, medical experts, on their own initiative. The failure of a student to appear at a SCB hearing following receipt of such a directive shall subject that student to disciplinary action under this Code.

10. The procedure at a hearing before the SCB shall be as follows:

a. The complainant and the respondent shall have the opportunity to present statements summarizing their respective cases and the evidence to be presented.

b. The complainant shall present their evidence. The complainant may decide whether or not to testify during the hearing. Except as otherwise noted in this subsection, the respondent and members of the SCB may question the complainant's witnesses.

c. The respondent shall have the opportunity to present evidence. The respondent may decide whether or not to testify during the hearing. Except as otherwise noted in this subsection, the complainant and members of the SCB may question the respondent's witnesses.

d. The complainant and the respondent shall have the opportunity to present concluding remarks.

e. In cases referred to the SCB by the OSCCS, the OSCCS may be called as a witness by the complainant or the respondent, or by the SCB itself.

f. In any hearing before the SCB, members of the SCB may ask questions of any participant in the hearing (including the complainant, the respondent, and any witness) at any time during the hearing, and may also recall witnesses and/or request that additional witnesses be called.

The Chairperson may determine in some cases that it is appropriate for all questioning by the parties to be directed through the Chairperson or their designee. In such cases, the parties will be permitted to submit questions of the other party and witnesses to the Chairperson five (5) days in advance of the hearing.

g. If, after questions have been put to a party or other witness by the Chairperson or SCB, a party believes that there are further questions that need to be asked of the other party or witness, the party may advise the Chairperson that they have additional questions and submit those questions to the Chairperson for consideration. The Chairperson or their designee retains discretion

throughout this process regarding whether to accept and pose suggested questions.

11. Evidence shall be considered which tends to prove or disprove the charges. Prior conduct and offenses unrelated to the charges shall not be considered in determining whether the respondent has committed the offense except in unusual circumstances. The Chairperson of the SCB shall rule on whether evidence or testimony will be considered.

12. If the SCB concludes that the evidence presented does not warrant a finding that the respondent committed the charged offense(s), the proceedings are terminated.

13. If the SCB concludes that the respondent committed the charged offense(s), or if the respondent decides to admit to the charge(s), the complainant, the respondent, and the University shall be given an opportunity to present additional evidence for consideration by the SCB in deciding what sanction(s) to impose. The additional evidence may consist of evidence of prior conduct (including prior offenses) by the respondent, evidence as to the respondent's character, the respondent's applicable University records, or any other evidence which could assist the SCB in determining an appropriate sanction. Any such additional evidence shall be presented at a hearing before the SCB conducted in accordance with the procedures set forth above.

14. A verbatim record (which may be in the form of an audio recording) shall be kept of all pre-hearings and disciplinary hearings conducted by the SCB at the expense of the University. A verbatim record may be kept of any proceedings before other panels or persons at the request and expense of the party charged. The party charged must make such a request no more than two days in advance of the hearing. Deliberations of the SCB or other hearing panels shall not be recorded. Both parties, but not the witnesses, shall have the right to review such records in the OSCCS, but may not make copies. All recordings shall remain the property of the University and shall be destroyed upon closure of the case by the Student Conduct Administrator unless required by law to be maintained.

D. Decisions

1. A decision-maker (whether the OSCCS, the SCB, or other University administrative body) must find in favor of the respondent unless the decision-maker is persuaded that it is more likely than not that the student committed the offense(s) charged. The respondent shall be afforded the benefit of the presumption of innocence.

2. If a respondent elects not to provide their own version of events to the decision-maker (whether the OSCCS, the SCB, or other University administrative body), the decision-maker may, but is not required to, draw adverse inferences from the student's silence.

3. In cases decided by the SCB, the following shall apply:

a. A majority vote of the members of the SCB participating in the case shall be required for a decision.

b. The Chairperson of the SCB may participate and vote.

c. Any decision of the SCB shall be made in writing. Copies of

the decision, redacted as necessary, shall be mailed, e-mailed, or delivered to the complainant, the respondent, and the respondent's parents if the parents will receive notification pursuant to this Code, and other University officials with a need to know as determined by the OSCCS or the Chairperson of the SCB.

VI. SANCTIONS

A. Subject to the limitations described in paragraph C of this section, sanctions combinations of sanctions, may be imposed following a determination that a violation of the Code has occurred:

1. Warning: notice of a finding that it is more likely than not that an offense has been committed and that continuation or repetition of such violation within a specified time period will result in more severe sanctions.

2. Deferred Penalty and Probation: any of the listed sanctions may be deferred by the adjudicatory body or person for a specified time period, not to exceed two (2) calendar years. Should the student, during the period of probation, be determined to have committed another violation of this Code, the deferred penalty shall take effect, in addition to the sanction imposed for any new offense.

3. Restitution: reimbursement for actual damage or loss caused by the violation of the University Student Conduct Code, either through appropriate repairs or monetary compensation.

4. Fine: monetary penalty of not more than Seven Hundred and Fifty Dollars (\$750.00).

5. Educational Remedies: meetings with University officials or others, unpaid University or community service, or other educational assignments. These may include, but are not limited to, referrals to Student Health Services, attendance at workshops or panel discussions, letters of apology, and reflective essays. Service assignments may occur on or off Campus. Conditions may be specified for the completion of the sanction. Where a violation involves drug use, the OSCCS or SCB also may require the student to participate in drug screening on a scheduled or random basis. Any and all costs associated with the screening are the responsibility of the student.

6. Disciplinary Activity Limitation: ineligibility for participation in any or all elected and appointed positions within the University; also ineligibility for participation in all forensic, athletic, dramatic, musical, social, or other University recognized activities for a specified period of time.

7. Denial of Access to Certain University Facilities: exclusion from University owned or leased facilities; including housing, athletic fields, grounds, or parts of these facilities indefinitely or for a specified period of time.

8. Temporary Removal from University Housing: ineligibility to reside in University Housing, including off Campus University owned, leased, managed, or rented apartments, for a specified period of time.

9. Permanent Removal from University Housing: permanent ineligibility to reside in University Housing including off Campus University owned, leased, managed, or rented apartments.

10. Suspension: removal from student status in the University for a specified period of time. This sanction will be permanently noted on a student's official transcript.

11. Expulsion: permanent removal from student status in the University. This sanction will be permanently noted on a student's official transcript.

B. A student's entire academic integrity, disciplinary record, and criminal history, if appropriate and relevant in the discretion of the Chairperson, may be considered in determining appropriate sanction(s)

C. The sanctions of expulsion and suspension may only be imposed by: (i) the SCB; (ii) the USAIB; (iii) the Chancellor, Provost, Vice Chancellor for Students or Dean of a Graduate or Graduate Professional School; or (iv) in Graduate and Graduate Professional Schools that grant such authority, the Academic and Professional Integrity Panel. The OSCCS and the other University judicial panels without authority to expel or suspend may impose any of the other sanctions, except as such authority is limited by Section IV.A. of this document.

D. Academic Misconduct: if academic misconduct is determined to have occurred, the body making the determination may recommend to the faculty member responsible for the course in which academic misconduct occurred that the grade of the student involved be lowered, or no credit given. However, the final decision in any grading determination shall rest with the faculty member. The SCB may recommend this sanction in addition to any other sanctions imposed.

E. Notification of Dean and Parents or Legal Guardians:

1. The parents or legal guardians of any student who is legally dependent upon their parents or legal guardians and who is suspended or expelled shall be informed of the decision of the SCB.

2. The parents or legal guardians of any student under the age of 21 who has admitted committing or been found under this Code to have committed an offense under Section III.A.8 or III.A.10 may be notified of such violation or violations by the Office of the Dean of Students. The Office of the Dean of Students shall have discretion to determine when a violation or violations of Sections III.A.8 or III.A.10 are of sufficient severity or number to warrant notifying parents or legal guardians. Nothing contained in this section shall be construed to prohibit the University from disclosing to parents or legal guardians information relating to a health or safety emergency involving the student or as otherwise permitted by law.

3. The Dean of the School or College in which the student is enrolled shall be informed of any SCB decision involving the student. If the student is an exchange student, visiting student or other non-degree student and is regularly enrolled elsewhere, notice of the outcome of any judicial matter may be provided to the student's home college or university.

4. Decisions of the SCB and decision-making bodies (or persons) other than the SCB, which do not involve academic or professional misconduct, shall be reported to the Dean of Students.

5. Student Union, the Graduate-Professional Council, and/or the sponsoring student governing body will be made aware of specific

details regarding violations of the Code by a student group under its auspices at the time that the matter is resolved.

F. Failure to Comply with Sanctions

If a student fails to comply in a timely fashion with any of the sanctions assigned, a hold may be placed on their University records. The hold will be removed upon full completion of the sanctions assigned.

VII. APPEALS

A. Time Limit for Appeals: any appeal authorized by the Code must be filed within fourteen (14) calendar days of the date of the written decision by the decision-making body or person. An appeal is filed when personally delivered to or electronically received by the appellate authority or bearing a United States Postal Service postmark or other documentary evidence of timely delivery to an independent delivery service.

B. Appeals of SCB Decisions and Decisions of Deans of Graduate or Graduate Professional Schools to Suspend or Expel a Graduate or Graduate Professional Student:

1. A student complainant, a student respondent determined by the SCB to have violated this Code, or a graduate student or graduate professional student suspended or expelled by the Dean of a Graduate School or Graduate Professional School shall, within the period of time specified by this Code, have the right to appeal to the person designated by the Chancellor to serve as the appeal officer, or their designee. Such appeal shall be made in writing to the appeal officer and shall be limited to grounds that a fair hearing was not provided or that the sanction imposed was insufficient or excessive. A student appealing a SCB decision shall also deliver a copy of the appeal to the OSCCS. When such appeal is taken, the appeal officer shall not substitute their judgment of the facts for that of the SCB or of the Dean. The scope of the appeal officer's review shall be limited to determining whether a fair hearing was provided and whether the sanction imposed, given all the relevant facts and circumstances, was insufficient or excessive.

2. The appeal officer, if they grant the appeal, may order a new hearing, may reduce or modify the sanctions assessed by the SCB or the Dean. The decision of the appeal officer is final.

3. In the event of the absence or disqualification of the appeal officer, the appeal will be determined by the Chairperson of the Faculty Senate Council, or their designee.

4. The University may not appeal any adverse decision of the SCB.

5. Sanctions will be stayed pending the disposition of any appeal, except that a temporary suspension or any interim protective measures will remain in effect. If a hold has been placed on a student's records, it will remain until final disposition of the case.

C. Appeals of Decisions of the OSCCS and Academic Integrity Panels of Undergraduate Schools and Colleges:

1. Any final decision of the OSCCS or an Academic Integrity Panel of an Undergraduate School or College may be appealed, in writing, to the SCB Chairperson, or their designee, with a copy to the OSCCS, within the period of time specified by this Code. An appeal may be filed either by the complainant or the respondent(s) or student group.

2. The Chairperson of the SCB, upon receiving an appeal, shall provide a copy of the appellant's request and supporting materials to the appellee. The Chairperson, in their sole discretion, may request that the appellee provide a response and seek additional materials as needed. The Chairperson of the SCB, or their designee, shall not substitute their own judgment of the facts, and the scope of their review shall be limited to determining whether the written material submitted indicates that either no fair hearing had been provided to the appellant or that the sanction imposed, given all relevant facts and circumstances, was insufficient or excessive.

3. If the Chairperson, or their designee, determines that an unfair hearing has occurred, they shall take one of the following actions:

a. Remand the case to the OSCCS or Academic Integrity Panel with specific instructions to assure a fair hearing. Upon remand, the OSCCS or the Academic Integrity Panel may modify the sanctions previously imposed.

b. Convene a hearing of the SCB to hear the matter de novo. Should the SCB hold a hearing de novo, the hearing shall be conducted in accordance with the procedures set out in Section V.C. of this Code. Statements made by the parties or witnesses in the prior, underlying hearing may be disclosed to the SCB. The SCB may impose a sanction in excess of that imposed by the prior adjudicator.

4. If the Chairperson, or their designee, determines that the sanctions were insufficient or excessive, they may modify the sanctions previously imposed.

5. Sanctions will be stayed pending the disposition of any appeal. If a hold has been placed on a student's records, it will remain until final disposition of the case.

6. The decision of the SCB, or its Chairperson, shall be final in any appeal from the OSCCS or Academic Integrity Panel, and no appeal to the appeal officer shall occur.

D. Appeals of Decisions of the Office of Residential Life or Greek Life:

1. Any final decision of the Office of Residential Life or Greek Life may be appealed in writing to the OSCCS within the period of time specified by this Code. The OSCCS, or their designee, shall not substitute their own judgment of the facts. The scope of their review shall be limited to determining whether the written materials submitted indicates that either no fair hearing had been provided to the appellant or that the sanction imposed, given all the relevant facts and circumstances, was excessive.

2. If the OSCCS decides to sustain the contentions of the appellant, in whole or part, the OSCCS shall fashion a remedy or form of relief appropriate to the facts and circumstances of the case.

3. Sanctions will be stayed pending the disposition of any appeal; provided however, that nothing contained in this Code shall in any way impair the enforcement of the terms of the housing contracts and leases entered into between the University and students residing in residential housing, including, but not limited to, reassignment and cancellation or other interim protective measures.

VIII. RECORD RETENTION

Subject to Section V.14., records of the University OSCCS and the SCB directly related to non-academic cases heard under the University Student Conduct System shall be destroyed after a period of ten years from the date of final adjudication. If a student withdraws from the University prior to final adjudication, the records shall not be destroyed. Records of the University OSCCS, the SCB, and the USAIB directly related to allegations of academic misconduct or cases resulting in suspension or expulsion, and any applicable transcript notations, shall be maintained indefinitely.

IX. REPORT ON STUDENT CONDUCT

Each semester the OSCCS shall prepare a Report on Student Conduct summarizing the complaints filed in the previous semester, the types of conduct involved, and the outcomes, including a description of the sanctions, if any. The Report shall be circulated to the University administrators at the discretion of the OSCCS and the Vice Chancellor for Students.

X. TEMPORARY SUSPENSION

A. The Chancellor, Vice Chancellor for Students, Dean of Students, or their respective designees, may suspend a student for a temporary period if (1) there is evidence that the student has committed an offense under this Code or the student has been indicted or otherwise formally charged with a crime; and (2) there is evidence that the continued presence of the student on the University Campus or in the University community poses a substantial threat to themselves or others or to the ability of others to continue their normal University functions and activities.

B. The suspending authority (the person imposing the suspension) shall limit the scope of the temporary suspension to that necessary to protect those possibly affected by the actions of the suspended student. Access to parts of University owned, leased, managed, or rented property, the Campus, or to certain activities, may be limited. In cases of seriously disruptive or dangerous behavior, the suspending authority may deny the student access to the University owned or leased property, Campus, and/or prohibit class attendance and participation in University activities and events.

C. If a student is suspended for a temporary period, the suspending authority shall prepare a written notice of the suspension and shall have the notice served, by mail or electronic means, or hand delivered, on the suspended student. The written notice shall include a brief statement of the scope of the suspension and the reasons therefore, and a brief statement of the procedures provided in cases of temporary suspension under this Code.

D. A student suspended for a temporary period shall be given an opportunity to appear personally before the suspending authority within five (5) business days from the date of service of the notice of temporary suspension. If the student asks to appear personally before the suspending authority, only the following issues shall be considered:

1. Whether the suspending authority's information concerning the student's conduct is reliable;

2. Whether under all the circumstances, there is a reasonable basis for believing that the continued presence of the student on Campus poses a substantial threat to the student or to the rights of others to engage in their normal University functions and activities; and

3. Whether the scope of the temporary suspension is reasonable.

E. Within ten calendar days of the date of a temporary suspension, the suspending authority shall file a statement of charges against the suspended student with the SCB, and shall have the statement of charges served, by mail or electronic means or hand delivered, upon the suspended student and the Dean of the School or College in which the student is enrolled.

F. A temporary suspension shall end when rescinded by the suspending authority, or upon the failure of the suspending authority to file a statement of charges within a reasonable time or, if not rescinded and if a statement of charges is promptly filed, when the case is heard and decided by the SCB or other University administrative body.

XI. AMENDMENT OF THE CODE

The amendment process may be initiated by any member of the campus community, the Student Union, the Graduate-Professional Council, the Faculty Senate Council, or any faculty, staff or student group by the submission of proposed changes to the Office of the Dean of Students. The Dean of Students, or their designee, shall promptly distribute copies of the proposed changes to the Office of the General Counsel, Student Union, the Graduate-Professional Council, and the Faculty Senate Council for adoption or rejection. Review of the Code shall be initiated by the Office of the Dean of Students no less than every three years.

XII. TITLES AND SUCCESSORS

Because the titles, positions, or groups stated in this Code may change, the functions or responsibilities assigned by this Code shall be performed by persons or groups that assume the functions of the positions or groups stated in this Code.

Health Risks Associated with Alcohol and Other Drugs

ALCOHOL

- Studies have shown that alcohol use by those less than 24 years old increases the risk of both fatal and nonfatal injuries.
- Research has also shown that the earlier one begins drinking the chances for alcohol dependence increases compared to adults who begin drinking at age 21.
- Other consequences include increased risky sexual behaviors, poor school performance, and increased risk of suicide and homicide.
- Young adult alcohol use has the potential to trigger long-term biological changes that may alter development as well as affect immediate behavior. The resulting adverse outcomes may include mental disorders such as anxiety and depressive disorders.” (NCBI)

The liver is extremely important. The liver is the second largest organ in your body. It processes what you eat and drink into energy and nutrients your body can use. The liver also removes harmful substances from your blood.

- Alcohol can damage or destroy liver cells.
- The liver breaks down alcohol so it can be removed from your body. Your liver can become injured or seriously damaged if you drink more alcohol than it can process.
- Alcohol-related liver diseases include “fatty liver”, alcoholic hepatitis, and alcoholic cirrhosis. These diseases can result in liver cancer, brain disorders, coma and death.
- The liver can only metabolize a certain amount at a time, leaving the excess circulating throughout the body.
- When the amount of alcohol in the blood exceeds a certain level, the respiratory system slows down markedly, and can cause a coma or death, because oxygen no longer reaches the brain.

Binge drinking and continued alcohol use in large amounts are associated with many health problems, including:

- Unintentional injuries such as car crash, falls, burns, drowning
- Intentional injuries such as firearm injuries, sexual assault, and domestic violence
- Increased on-the-job injuries and loss of productivity
- Increased family problems, broken relationships
- Alcohol poisoning
- High blood pressure, stroke, & other heart-related diseases
- Liver disease
- Nerve damage
- Sexual problems
- Permanent damage to the brain
- Vitamin B1 deficiency, which can lead to a disorder characterized by amnesia, apathy & disorientation
- Ulcers

- Gastritis (inflammation of stomach walls)
- Malnutrition
- Cancer of the mouth and throat

DRUGS

CANNABIS

- Short-term effects: feelings of relaxation, paranoia, euphoria, slowed thinking and reaction time, confusion, impaired balance and coordination
- Long-term effects: memory loss, shortened attention span, colds, breathing problems, increased heart rate, apathy, weight gain, gynecomastia (males developing breasts), and smoking related cancers

COCAINE

- Short-term effects: energy bursts, increased heart rate, blood pressure, and breathing rate; increased body temperature, mental “clearness” while high, and fatigue and insomnia after the high
- Long-term effects: addiction, paranoia, violent behavior, aggression, depression, loss of interest in food or sex, destruction of nasal passages (if snorted), lung damaged (if smoked), stroke, heart attack, and death

MDMA (MOLLY) OR ECSTASY

- Short-term effects: increased tactile sensitivity, empathic feelings, increased physical energy, paranoia, hallucinations, nausea, chills, dehydration, sweating, teeth clenching, muscle cramping, increased heart rate, blood pressure and blurred vision
- Long-term effects: damage to dopamine- and serotonin-releasing neurons, impaired memory and learning, hyperthermia, cardiac toxicity, renal failure, muscle breakdown, liver toxicity, depression and/or other mental health conditions, and death

STEROIDS

- Short-term effects: increases muscle mass, strength and endurance, acne, water retention, high blood pressure, impaired judgment due to feelings of being invincible, mood swings, and other negative behavioral effects.
- Long-term effects: hypertension, high cholesterol, stunted growth, liver tumors and cancers, and heart damage. For males, side effects may include shrinking of the testicles and breast development. For females, side effects may include growth of facial hair, menstrual changes, and deepened voice.

PRESCRIPTION DRUGS AND USE

Use is considered “misuse” when a prescription drug is used for something other than its intended purpose, is taken in excessive dosages, or is used by someone for whom it was not prescribed.

- Opioids: opioids such as Vicodin, Oxycontin and codeine are usually prescribed to treat pain. Misuse of these drugs can depress breathing and cause physical dependence.

- **Depressants:** Central nervous system (CNS) depressants—also called sedatives or tranquilizers—such as Valium, Xanax, Ambien and Lunesta are used to treat anxiety and sleep disorders. These drugs can be addictive if misused, and can slow heart rate and respiration, which can be fatal.
- **Stimulants:** CNS stimulants such as Ritalin, Concerta, and Adderall are prescribed to treat ADHD and narcolepsy. Taking high doses of stimulants can cause dangerous body temperatures and irregular heart rates, and can sometimes cause hostility or paranoia.

STIMULANTS AND “STUDY DRUGS”

Some students who have not been prescribed stimulants choose to buy or take someone else’s medicine because they believe that taking “study drugs” can improve their study behavior and in turn improve their grades. These students may not be aware that the drugs do not perform for them in the way they do for a person with a diagnosis. There are serious dangers associated with abusing prescription stimulants:

- **Short-term:** increased or irregular heart beat and respiratory rate, elevated blood pressure, nervousness, sleep difficulty, appetite loss, blurred vision, and risk of overdose
- **Contraindications:** adverse effect on some pre-existing medical conditions including heart conditions and/or adverse interactions with other drugs
- **Other potential risks:** sudden death, misuse potential, worsening mental illness, decreased growth and weight loss, and danger to fetus or breastfeeding infants

PREVENTION/EDUCATION EFFORTS:

Peer Health Educators

A Peer Health Educator (PHE) is an undergraduate student volunteer who receives training by health professionals on the topics of alcohol/other drugs, mental health, or sexual health. They plan programming and communications to promote risk reduction and create a healthier WashU.

YEAR ONE COLLEGE BEHAVIOR PROFILE: Y1CBP

The Year One College Behavior Profile (Y1CBP) is an evidenced-based, online, brief intervention program designed to reduce high-risk drinking, marijuana use, and related substance use among college students. The Y1CBP can also reinforce low-risk behaviors and reaffirm those who choose to abstain from alcohol and marijuana use.

Students complete the Y1CBP in a confidential platform by indicating their plans for use while in college. Based on student response, the Y1CBP gives students real-time feedback with information about their alcohol and marijuana use including risks, expectancies, perceptions of social norms, along with options for reducing problems and consequences that may be related to their use. The Y1CBP is used at WashU as a pre-matriculation prevention program, required of all entering first-year students to help correct the misconceptions students have about the prevalence of alcohol and marijuana use before they begin their college career at WashU.

BASICS (BRIEF ALCOHOL SCREENING INTERVENTION FOR COLLEGE STUDENTS)

BASICS is a two-session intervention program that provides alcohol education and harm reduction techniques through motivational interviewing. Students are referred to the Health Promotion Specialist for Alcohol and other Drugs through emergency incident reports, the Office of Student Conduct and Community Standards, Residential Life, the Center for Counseling and Psychological Services, or the WashU Cares Team. The students referred for BASICS may have already experienced negative consequences related to their alcohol use. This intervention is provided to students for free and includes a brief assessment of their current drinking habits. The student does the assessment online and reviews it in person with the Health Promotion Specialist for Alcohol and Other Drugs. Based on the outcomes of the two-session intervention, if the student shows signs of a substance use disorder or a more serious mental health concern, the staff member will provide referral to appropriate campus and community resources. These typically include community AA meetings, campus/community mental health providers, and/or intensive outpatient treatment or inpatient treatment facilities.

WASHU RECOVERY GROUP

The university founded the WashU Recovery Group in spring 2017. This group helps students in recovery from alcohol and/or drug use to connect with others with similar experiences on campus. The group provides a safe place for students to learn about local resources, gain support, and connect during meetings and social activities. The group is not a recovery program, but is a resource that students can add to their support system while attending the university. Additional substance misuse recovery programs and meetings are offered near campus.

- (4) For a class C misdemeanor, seven hundred fifty dollars;
- (5) For a class D misdemeanor, five hundred dollars;

(7) If the person has gained money or property through the commission of the offense, to pay an amount, fixed by the court, not exceeding double the amount of the person's gain from the commission of the offense.

2. A sentence to pay a fine, when imposed on a corporation for an offense defined in this code or for any offense defined outside this code for which no specific corporate fine is specified, shall be a sentence to pay an amount, fixed by the court, which does not exceed:

- (1) For a felony, twenty thousand dollars;
- (2) For a misdemeanor, ten thousand dollars;
- (3) For an infraction, one thousand dollars; or

(4) If the corporation has gained money or property through the commission of the offense, to pay an amount, fixed by the court, not exceeding double the amount of the corporation's gain from the commission of the offense.

3. As used in this section the term "gain" means the amount of money or the value of property derived from the commission of the offense. The amount of money or value of property returned to the victim of the offense or seized by or surrendered to lawful authority prior to the time sentence is imposed shall be deducted from the fine. When the court imposes a fine based on gain the court shall make a finding as to the amount of the offender's gain from the crime. 558.004. Imposition of fines. — 1. In determining the amount and the method of payment of a fine, the court shall, insofar as practicable, proportion the fine to the burden that payment will impose in view of the financial resources of an individual. The court shall not sentence an offender to pay a fine in any amount which will prevent him or her from making restitution or reparation to the victim of the offense.

2. When any other disposition is authorized by statute, the court shall not sentence an individual to pay a fine only unless, having regard to the nature and circumstances of the offense and the history and character of the offender, it is of the opinion that the fine alone will suffice for the protection of the public.

3. The court shall not sentence an individual to pay a fine in addition to any other sentence authorized by section 557.011 unless:

- (1) He or she has derived a pecuniary gain from the offense; or
- (2) The court is of the opinion that a fine is uniquely adapted to deterrence of the type of offense involved or to the correction of the defendant.

4. When an offender is sentenced to pay a fine, the court may provide for the payment to be made within a specified period of time or in specified installments. If no such provision is made a part of the sentence, the fine shall be payable forthwith.

5. When an offender is sentenced to pay a fine, the court shall not impose at the same time an alternative sentence to be served in the event that the fine is not paid. The response of the court to nonpayment shall be determined only after the fine has not been paid, as provided in section 558.006.

558.008. Revocation of a fine. — A defendant who has been sentenced to pay a fine may at any time petition the sentencing court for a revocation of a fine or any unpaid portion thereof. If it appears to the satisfaction of the court that the circumstances which warranted the imposition of the fine no longer exist or that it would otherwise be unjust to require payment of the fine, the court may revoke the fine or the unpaid portion in whole or in part or may modify the method of payment.

— 1. The authorized terms of imprisonment, including both prison and conditional release terms, are:

(1) For a class A felony, a term of years not less than ten years and not to exceed thirty years, or life imprisonment;

(2) For a class B felony, a term of years not less than five years and not to exceed fifteen years;

(3) For a class C felony, a term of years not less than three years and not to exceed ten years;

(4) For a class D felony, a term of years not to exceed seven years;

(5) For a class E felony, a term of years not to exceed four years;

(6) For a class A misdemeanor, a term not to exceed one year;

(7) For a class B misdemeanor, a term not to exceed six months;

(8) For a class C misdemeanor, a term not to exceed fifteen days.

2. In cases of class D and E felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution, and the place of confinement shall be fixed by the court. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a class D or E felony, it shall commit the person to the custody of the department of corrections.

3. (1) When a regular sentence of imprisonment for a felony is imposed, the court shall commit the person to the custody of the department of corrections for the term imposed under section 557.036, or until released under procedures established elsewhere by law.

(2) A sentence of imprisonment for a misdemeanor shall be for a definite term and the court shall commit the person to the county jail or other authorized penal institution for the term of his or her sentence or until released under procedure established elsewhere by law.

4. (1) Except as otherwise provided, a sentence of imprisonment for a term of years for felonies other than dangerous felonies as defined in section 556.061, and other than sentences of imprisonment which involve the individual's fourth or subsequent remand to the department of corrections shall consist of a prison term and a conditional release term. The conditional release term of any term imposed under section 557.036 shall be:

(a) One-third for terms of nine years or less;

(b) Three years for terms between nine and fifteen years;

(c) Five years for terms more than fifteen years; and the prison term shall be the remainder of such term. The prison term may be extended by the parole board pursuant to subsection 5 of this section.

(2) "Conditional release" means the conditional discharge of an

offender by the parole board, subject to conditions of release that the parole board deems reasonable to assist the offender to lead a law-abiding life, and subject to the supervision under the division of probation and parole. The conditions of release shall include avoidance by the offender of any other offense, federal or state, and other conditions that the parole board in its discretion deems reasonably necessary to assist the releasee in avoiding further violation of the law.

5. The date of conditional release from the prison term may be extended up to a maximum of the entire sentence of imprisonment by the parole board. The director of any division of the department of corrections except the division of probation and parole may file with the parole board a petition to extend the conditional release date when an offender fails to follow the rules and regulations of the division or commits an act in violation of such rules. Within ten working days of receipt of the petition to extend the conditional release date, the parole board shall convene a hearing on the petition. The offender shall be present and may call witnesses in his or her behalf and cross-examine witnesses appearing against the offender. The hearing shall be conducted as provided in section 217.670. If the violation occurs in close proximity to the conditional release date, the conditional release may be held for a maximum of fifteen working days to permit necessary time for the division director to file a petition for an extension with the parole board and for the parole board to conduct a hearing, provided some affirmative manifestation of an intent to extend the conditional release has occurred prior to the conditional release date. If at the end of a fifteen-working-day period a parole board decision has not been reached, the offender shall be released conditionally. The decision of the parole board shall be final.

The court may sentence a person to an extended term of imprisonment if:

(1) The defendant is a persistent offender or a dangerous offender, and the person is sentenced under subsection 7 of this section;

6. The findings of guilt shall be prior to the date of commission of the present offense.

7. The court shall sentence a person, who has been found to be a persistent offender or a dangerous offender, and is found guilty of a class B, C, D, or E felony to the authorized term of imprisonment for the offense that is one class higher than the offense for which the person is found guilty.

(1986) Evidence of prior conviction may include admission of such conviction under direct examination or cross examination, or a memorandum of such conviction from the court division file. *State v. Hughes*, 713 S.W.2d 11 (Mo.App.E.D.).

(1991) Statute does not contain a time limitation and must be interpreted according to its plain and ordinary meaning, therefore conviction that was more than twenty-five years old could be used in sentencing defendant as persistent offender. *State v. Lucas*, 809 S.W.2d 54 (Mo.App.E.D.).

(1991) Where defendant was convicted of intoxication-related traffic offenses in violation of laws of other states, such convictions may be used for enhancement purposes as persistent offender. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of an offender after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include an offender's first incarceration prior to release on probation under section 217.362 or 559.115. Other provisions of the law to the contrary notwithstanding, any offender who has been found guilty of a felony other than a dangerous felony as defined in section 556.061 and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the offender has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the offender must serve shall be forty percent of his or her sentence or until the offender attains seventy years of age, and has served at least thirty percent of the sentence imposed, whichever occurs first;

(2) If the offender has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the offender must serve shall be fifty percent of his or her sentence or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the offender has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the offender must serve shall be eighty percent of his or her sentence or until the offender attains seventy years of age, and has

served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any offender who has been found guilty of a dangerous felony as defined in section 556.061 and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the offender attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for offenses committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the offender before he or she is eligible for parole, conditional release or other early release by the department of corrections.

6. An offender who was convicted of, or pled guilty to, a felony offense other than those offenses listed in subsection 2 of this section prior to August 28, 2019, shall no longer be subject to the minimum prison term provisions under subsection 2 of this section, and shall be eligible for parole, conditional release, or other early release by the department of corrections according to the rules and regulations of the department.

7. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar offenses and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor, if sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation

of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.

(4) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(5) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(6) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

8. Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.

9. If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:

(1) Restitution to any victim or a statutorily created fund for costs incurred as a result of the offender's actions;

(2) Offender treatment programs;

(3) Mandatory community service;

(4) Work release programs in local facilities; and

(5) Community-based residential and nonresidential programs.

10. Pursuant to subdivision (1) of subsection 9 of this section, the court may order the assessment and payment of a designated amount of restitution to a county law enforcement restitution fund established by the county commission pursuant to section 50.565. Such contribution shall not exceed three hundred dollars for any charged offense. Any restitution moneys deposited into the county law enforcement restitution fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565.

11. A judge may order payment to a restitution fund only if such fund had been created by ordinance or resolution of a county of the state of Missouri prior to sentencing. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering a person to make payment.

12. A person who fails to make a payment to a county law enforcement restitution fund may not have his or her probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the person either willfully refused to make the payment or that the person willfully,

intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay.

13. Nothing in this section shall be construed to allow the sentencing advisory commission to issue recommended sentences in specific cases pending in the courts of this state.

558.021. Extended term procedures. — 1. The court shall find the defendant to be a prior offender, persistent offender, dangerous offender, persistent sexual offender or predatory sexual offender if:

(1) The indictment or information, original or amended, or the information in lieu of an indictment pleads all essential facts warranting a finding that the defendant is a prior offender, persistent offender, dangerous offender, persistent sexual offender or predatory sexual offender; and

(2) Evidence is introduced that establishes sufficient facts pleaded to warrant a finding beyond a reasonable doubt that the defendant is a prior offender, persistent offender, dangerous offender, persistent sexual offender or predatory sexual offender; and

(3) The court makes findings of fact that warrant a finding beyond a reasonable doubt by the court that the defendant is a prior offender, persistent offender, dangerous offender, persistent sexual offender or predatory sexual offender.

2. In a jury trial, the facts shall be pleaded, established and found prior to submission to the jury outside of its hearing, except the facts required by subdivision (1) of subsection 4 of section 558.016 may be established and found at a later time, but prior to sentencing, and may be established by judicial notice of prior testimony before the jury.

3. In a trial without a jury or upon a plea of guilty, the court may defer the proof and findings of such facts to a later time, but prior to sentencing. The facts required by subdivision (1) of subsection 4 of section 558.016 may be established by judicial notice of prior testimony or the plea of guilty.

4. The defendant shall be accorded full rights of confrontation and cross-examination, with the opportunity to present evidence, at such hearings.

5. The defendant may waive proof of the facts alleged.

6. Nothing in this section shall prevent the use of presentence

558.021 8/28/1996

558.026. Concurrent and consecutive terms of imprisonment.

— 1. Multiple sentences of imprisonment shall run concurrently unless the court specifies that they shall run consecutively; except in the case of multiple sentences of imprisonment imposed for any offense committed during or at the same time as, or multiple offenses of, the following felonies:

(1) Rape in the first degree, forcible rape, or rape;

(2) Statutory rape in the first degree;

(3) Sodomy in the first degree, forcible sodomy, or sodomy;

(4) Statutory sodomy in the first degree; or

(5) An attempt to commit any of the felonies listed in this subsection. In such case, the sentence of imprisonment imposed for any felony listed in this subsection or an attempt to commit any of the aforesaid shall run consecutively to the other sentences. The sentences imposed for any other offense may run concurrently.

2. If a person who is on probation, parole or conditional release is sentenced to a term of imprisonment for an offense committed after the granting of probation or parole or after the start of his or her conditional release term, the court shall direct the manner in which the sentence or sentences imposed by the court shall run with respect to any resulting probation, parole or conditional release revocation term or terms. If the subsequent sentence to imprisonment is in another jurisdiction, the court shall specify how any resulting probation, parole or conditional release revocation term or terms shall run with respect to the foreign sentence of imprisonment.

3. A court may cause any sentence it imposes to run concurrently with a sentence an individual is serving or is to serve in another state or in a federal correctional center. If the Missouri sentence is served in another state or in a federal correctional center, subsection 4 of section 558.011 and section 217.690 shall apply as if the individual were serving his or her sentence within the department of corrections of the state of Missouri, except that a personal hearing before the parole board shall not be required for parole consideration.

(1985) Court construed this section to mandate consecutive sentences for rape and sodomy committed by defendant at the same time. *Adams v. State* (Mo.App.), 688 S.W.2d 401.

(1991) Although statute requires consecutive sentences any time a sex crime is committed at the same time as any other felony, even if the additional felony is also a sex crime, the sentencing court has discretion to run sentences concurrently, when a defendant's

convictions consist only of sex offenses. State v. Harger, 804 S.W.2d 35 (Mo. App.).

558.026 8/28/2021

558.031. Calculation of terms of imprisonment — credit for jail time awaiting trial, requirements. — 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced.

2. Such person shall receive credit toward the service of a sentence of imprisonment for all time in prison, jail or custody after the offense occurred and before the commencement of the sentence, when the time in custody was related to that offense. This credit shall be based upon the certification of the sheriff as provided in subdivision (3) of subsection 2 of section 217.305 and may be supplemented by a certificate of a sheriff or other custodial officer from another jurisdiction having held the person on the charge of the offense for which the sentence of imprisonment is ordered.

3. The officer required by law to deliver a person convicted of an offense in this state to the department of corrections shall endorse upon the papers required by section 217.305 both the dates the offender was in custody and the period of time to be credited toward the service of the sentence of imprisonment, except as endorsed by such officer.

4. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

5. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

6. If a person released from imprisonment on parole or serving a conditional release term violates any of the conditions of his or her parole or release, he or she may be treated as a parole violator. If the parole board revokes the parole or conditional release, the paroled person shall serve the remainder of the prison term and conditional release term, as an additional prison term, and the conditionally released person shall serve the remainder of the conditional release term as a prison term, unless released on parole.

7. Subsection 2 of this section shall be applicable to offenses for which the offender was sentenced on or after August 28, 2023.

8. The total amount of credit given shall not exceed the number of days spent in prison, jail, or custody after the offense occurred and before the commencement of the sentence.

Good time credit may be rescinded by the director or his or her designee pursuant to the divisional policy issued pursuant to subsection 3 of this section.

2. Any credit extended to an offender shall only apply to the sentence which the offender is currently serving.

3. The director of the department of corrections shall issue a policy for awarding credit. The policy may reward an inmate who has served his or her sentence in an orderly and peaceable manner and has taken advantage of the rehabilitation programs available to him or her. Any violation of institutional rules or the laws of this state may result in the loss of all or a portion of any credit earned by the inmate pursuant to this section.

4. The department shall cause the policy to be published in the code of state regulations.

5. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.
